SUMMARY

I am Ardinata. I graduated from Gunadarma University, part of the Faculty of Industrial Technology, and majoring in informatics. I have skills in various programming languages such as HTML, CSS, Javascript, PHP, and MySQL, along with famous frameworks such as CI, React, and Laravel. I also have an interest in the field of design and technology development, especially web and Android development. In working, I always try to give good contribution and solution for a company with my skills that i have.
